COUNTRY OVERVIEW

South Africa

One of the most culturally and geographically diverse places on earth, South Africa, fondly known by locals as the 'Rainbow Nation', boasts 11 official languages, and its inhabitants are influenced by a fascinating mix of cultures. Discover the gourmet restaurants, impressive art scene, vibrant nightlife, and beautiful beaches of Cape Town. Enjoy a local braai (barbecue) in the Soweto township, browse the bustling Indian markets in Durban, or sample some of the world's finest wines at the myriad wine estates dotting the Cape Winelands. Some historical attractions to explore include the Zululand battlefields of KwaZulu-Natal, the Apartheid Museum in Johannesburg, and Robben Island, just off the coast of Cape Town. Above all else, its untamed wilderness is astonishing: wildlife roams freely across massive unfenced game reserves such as the world-famous Kruger National Park.

Zimbabwe

Journey with us to explore a country of friendly people, rich culture, spellbinding vistas and abundant wildlife.

Two major rivers form the northern and southern boundaries of Zimbabwe: the great Zambezi cuts along its northern frontier, while the languid Limpopo forms the southern border with South Africa. In between, the country has a variety of habitats, from the granite hills of the Matopos to the majestic mountains, lush forests and beautiful rivers of the Eastern Highlands. As such, there is much to attract the traveller, from wildlife viewing and adrenalin adventures to encountering the history of the Zimbabwean people going back thousands of years.

The Zambezi's exceptional variety of spectacular scenery is home to one of the world's natural wonders: the Victoria Falls, while downriver, our concession lies in Mana Pools National Park, located on the floodplains of Africa's Great Rift Valley and offering superb wildlife viewing.

Along the Botswana border, the easternmost tongues of the Kalahari sands creep into the country and mix with the teak forests of the interior, so that desert-adapted animals share the same habitat with woodland species. Hwange National Park is home to some of southern Africa's last great elephant, buffalo and sable herds. Our concessions with Hwange, Makalolo and Linkwasha, are truly wild areas that provide Zimbabwe's best year-round game viewing.
